

# Tokyo Individualized Educational Institute Announces New School Openings in Funabashi Kitaguchi and Tsurukawa

Tokyo Individualized Educational Institute, Inc. is pleased to announce the opening of two new schools. Tokyo Individualized Educational Institute Funabashi Kitaguchi School (Funabashi, Chiba) will open on March 14, 2020 (Saturday) and Tokyo Individualized Educational Institute Tsurukawa School (Machida, Tokyo) will open on March 19, 2020 (Thursday). Details are as indicated below.

These school openings are based on our policy of continuous dominant school openings concentrated in areas with strong customer demand. These new school openings bring the number of Individualized Educational Institute schools to 258, all of which are directly owned and operated.

Plans for future school openings will be explained in our new Medium-Term Management Plan, which we plan to announce on April 9, 2020.

## 1. Overview of school openings

The Funabashi Kitaguchi School is the third Tokyo Individualized Educational Institute school in Funabashi and the Tsurukawa School also represents our third school in Machida. Both cities are viewed as promising markets. With the opening of the Funabashi Kitaguchi School, we expand our service area to the north side of Funabashi Station. Together with the existing Funabashi School located close to the Funabashi Station South Exit and the nearby Nishi-Funabashi School, we expect this school opening will further increase our presence in the community.

The Tsurukawa School is a two-minute walk from the North Exit of Tsurukawa Station on the Odakyu Odawara Line. Directly facing the station's bus terminal, the school is positioned in a highly visible location.

We will continue to promote our dynamic strategy as we aim to further increase opportunities for customer contact.
