

# Tokyo Individualized Educational Institute Announces New School Opening in Machida Terminal

Tokyo Individualized Educational Institute, Inc. is pleased to announce the opening of a new school. Tokyo Individualized Educational Institute Machida Terminal (Machida, Tokyo) will open on April 25, 2020 (Saturday). Details are as indicated below.

The opening of the Machida Terminal School is based on our policy of continuous dominant school openings concentrated in areas with strong customer demand. The new Machida Terminal school opening represents the third school opening of FY2021 and brings the total number of Individualized Educational Institute schools to 259, all of which are directly owned and operated.

## 1. Overview of school opening

The Machida Terminal School is located a 2-minute walk from the Terminal Exit at Machida Station on the JR Yokohama Line. Located a 1-minute walk from the North Exit of Machida Station on the Odakyu Odawara Line is the existing Machida School, meaning Tokyo Individualized Educational Institute now has two schools servicing the Machida Station. The area surrounding Machida Station is projected to have stable market potential. We will use these schools to promote the Tokyo Individualized Educational Institute brand in the area and continue to promote our dominant strategy as we aim to further increase opportunities for customer interaction.
